FEBRUARY TERM OF CIRCUIT COURT

Began Here Monday—Judge Hardin Charges Grand Jury Strongly On Law Enforcement

The February term of the Lincoln Circuit Court began Monday morning after Deputy Sheriff Francis Weatherford had called the court to order and stated all was in readiness for business. A grand jury was impaneled at once and Judge Charles A. Hardin delivered a charge which was as full of interesting matter as it was of instruction to the 12 men who sat before him. The Judge went through the category of crimes and admonished the jurors to keep inviolate their oath to investigate all the infractions of law that could be brought before the body. He told of the law being the foundation of good government and that the infraction of any law, however small, was a stroke at the very foundation, hurtful to society, and if not called to halt in its incipency, might lead to greater and worse things. He hoped that the time would come in this grand state of ours that when law was trampled under foot, it mattered not how insignificant the offense, the people would rise en masse and stand for the enforcement of that law as it had been placed on the statute books.

Judge Hardin painted a beautiful word picture of Gov. Stanley going to a southwestern Kentucky county and quelling a mob which was bent on the hanging of a negro. "The governor was willing to give his life to protect that of the negro but his main object was to save the state the disgrace of mob violence," said the Judge. Continuing, he said: "There is not a man in my hearing who would not give his life to protect his country. Then why should we not give of our time and talents to enforce the laws so that they will be respected by all classes? Had laws been enforced as they should have in Calloway county it might not have been necessary to have gone to the extremity of the governor or of the state placing himself between danger and the negro."

Judge Hardin discussed at length the evils of gambling, footlegging, bawdy houses, etc., and read a portion of the report of the vice commission of Illinois, which recently made its findings on conditions in Chicago. It showed that liquor, lust and gambling were the greatest factors for evil. He insisted that the members of the grand jury do all in their power to eliminate this triumvirate of troubles. He was told by a gentleman as he entered the court house that liquor was openly sold in Stanford, but that the county is reasonably clear of it.

"Do your best, gentlemen, to bring to justice these violators of the law and your efforts will be rewarded. Clean Stanford of the whisky vendor and you will do your neighbor and yourself the greatest benefit possible," said he.

The Judge told of the miserable practice of false-swearing and instructed the jury to try and indict those whom they knew to be swearing to untruths. "Do it if you have to lose sight of the case you are working on," said Judge Hardin.

"I had hoped that the carrying of concealed weapons would be discontinued when such a heavy penalty was placed on that violation, but it seems not to have had the salutary effect desired. Use your best efforts on this class of law-breakers," Judge Hardin said.

The laws against the destroying of fish and game were fully covered, after which the jurors went to their room and got down to business.

The following gentlemen compose the grand jury: Ed Jones, Theo Noland, George Rankin, Frank P. Bobbitt, Henry Hester, J. C. Florence, J. T. Livingston, W. H. Singleton, James Jones, G. W. Edwards, J. B. Adams, James G. Carpenter, Jr. Mr. Bobbitt was made foreman and Mr. Carpenter clerk.

The petit jurors are: Joe Chancellor, R. H. Cooper, W. T. White, W. S. Embury, Ed Poynter, J. W. Holtzclaw, T. J. Estes, R. L. Albright, T. A. Brent, Eph Manuel, Bud Sims, Samuel Bishop, W. R. Dillion, Paul Finch, J. N. Carter, E. T. Pence, Jr., A. C. Sine, Nathan Hall, M. F. Eubanks, John McKinney, W. D. Newland, Sam McKinney, John L. Beck, B. M. Cowan.

Cincinnati Man Tells How To Shrive
Up Corns Or Calluses So They
Lift Off With Fingers

Ouch ! ! ! ? ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug, called freezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you. 15-1

Stock Not Collectable

Says Referee Worthington Of Unpaid Rural Credits Subscriptions

The many Lincoln county stockholders in the defunct Rural Credits Association, are much interested by a decision handed down by William Worthington, referee in bankruptcy and special master of the United States District Court in which he adjudged the association insolvent. The ruling, if upheld, will throw the association into bankruptcy under the Federal law and take it out of the hands of the receiver, R. J. Colbert.

Four arguments were submitted in the case. The fourth was that the company did not comply with the Kentucky Statutes, Section 543, requiring that at least 50 per cent. of the capital stock be subscribed before a company may undertake to do business. This was sustained by Mr. Worthington, who further held that the time they were taken, but that they became void because the association had placed itself in the hands of a receiver before the 50 per cent. was subscribed, and that the association, therefore was insolvent.

Mr. Worthington's decision is to the effect that the unpaid stock subscriptions are noncollectable, holding that the corporation never legally completed incorporation. The other three arguments, one that the company was conceived in fraud, another that it was impossible from the beginning to carry on its undertakings, and its subscription contracts void, were not made a part of the insolvency decision, which upholds only the one argument cited.

All Sorts of Taxes

Proposed in Bills Introduced in Special Legislative Session

Frankfort, Ky., Feb. 20.—Discussion of the proposed tax laws by W. C. Davis, of Versailles and Elwood Hamilton, of Frankfort, both members of the 1914 tax commission, and Senators Brock and Glenn, members of the present commission, occupied most of the attention of the house at Monday's session of the legislature. Seven new tax bills were introduced. A bill by Representative Howard, of Woodford, provides an annual license tax of 2 cents on each ton of coal mined; an annual license tax of 2 cents on each barrel of crude oil pumped or produced and an annual tax of 1 cent on each 10,000 feet of natural gas pumped or produced. Representative Spurrier, of Grayson, introduced bills providing for an annual license tax of 5 cents on each barrel of crude petroleum produced; a license tax of 5 cents on every ton of coal mined or produced; a license tax of 10 cents on every proof gallon of distilled spirits and a license tax of 10 cents on every quarter barrel; 20 cents on every barrel and 30 cents on every whole barrel of malt liquor manufactured in this state. An enabling act levying a special tax of 20 cents on the \$100 of property to be used for road and bridge construction was introduced by Radcliffe of Henry county.

That the spirit of harmony and the intention to work solely to the one end of common good reign at the beginning of the special session of the Legislature was evinced last week in the manner in which the lower house unanimously abrogated the two-thirds rule in favor of the majority rule. The resolution to do away with the rule which required a two-thirds vote to change a rule was introduced by Representative Frank C. Greene, of Carrollton.

Hearings of expressions of opinion on the various bills will be according to the following schedule arranged by Representative W. A. Price, of Covington:

February 19.—Members of present and 1912 State Tax Commissions, banks and building association.

February 20.—Manufacturers and commercial bodies.

February 21.—Farmers and other real estate owners and heads of the State departments.

February 23.—Representatives of timber, lumber, mines, railroads and street railway interests.

February 26.—Representatives of municipalities and fiscal courts.

February 27.—All persons affected by the proposed bills not specifically mentioned above.

Sessions will be held at night and speeches limited to one hour.

Amendments turned loose on the Tax Commission's bills as soon as they come up on the floor was perceived in the announced intention of various Representatives to present ideas of their own. Richard Radcliffe, from Henry county, proposes to change the commission of three to one of five or seven, and to have the commissioners elected, like the Court of Appeals and the Railroad Commission.

That there will be a flood of sin. He would reduce the salary of each to \$3,000 a year instead of \$4,000, as provided by the bill, and cut the expense account to \$10,000 instead of \$20,000, as allowed by the bill, outside of printing. Radcliffe points out that the commissioners should be responsible to the people, and that the taxpayers should have the right to name them. He says that the appointment by a Governor may be personal or political and not representative of the wishes of the voters. No public body does more efficient work than the Court of Appeals, asserts Radcliffe.

The House decided to hold two sessions daily, sitting as a committee of the whole to hear all persons interested in the three revenue and taxation measures before the House. On motion of Representative Treadway, of McCracken county, three new members of the Republican party were added to the Revenue and Taxation Committee. They are Representative Treadway, W. M. Webb and A. A. Wilson.

Representative Harvey offered a joint resolution inviting ex-Governor Judson Harmon, of Ohio and United States Senator Hiram Johnson, of California, to address a joint session of the Legislature on the question of revenue and taxation at their convenience within the next three weeks.

FIRE VOLLEY AT BURGLAR

Lafe Morgan and O. L. Minks Made It Hot For Midnight Marauder At Milledgeville Sunday

Lafe Morgan and his son-in-law, O. L. Minks, who runs the auto bus between Stanford and Danville, came near "getting" a burglar who broke into Mr. Morgan's store just west of Milledgeville, in the west end of this county, Sunday night. They emptied two revolvers at him at close range, but so dark was the night that the midnight visitors escaped the bullets and made off in the darkness. He carried with him a sack of flour, a lot of meat and other groceries, but did not get into the cash drawer of Mr. Morgan's store.

The intruder was first heard by Miss Irene Morgan as he gently shook the front door of the store, which is located right next to the residence. Miss Morgan then heard him go to the rear and force open a window. Her mother heard him too and they informed Mr. Morgan and awakened Mr. Minks, who with his wife were spending the night with her parents. The two gentlemen got out their revolvers and started out to intercept the burglar as he came out the window. He had evidently become alarmed for he was leaving as they got out the door. It was so dark they could not see him but they called on him to halt and when he did not give any evidence of doing so, they opened up their artillery at him, but the visibility was so bad, they probably did not incapacitate him from making a strategic retreat, though both are of the opinion he must have carried some lead away with him. They think there must have been a couple of men mixed up in the deal to have gotten away with the amount of loot which Mr. Morgan missed from his store next morning.

All Children Love
"Syrup of Figs" for
Liver and Bowels

Give It When Feverish, Cross, Bilious, For Bad Breath Or Sour Stomach

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has direction for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. 15-1

BEAUTIFUL TRIBUTE
TO MRS. R. C. WARREN

The Lancaster Record last week contained the following beautiful tribute to Mrs. Charlotte Warren, which will be read with much by her loved ones:

At the close of a useful life, Mrs. Lottie Duncan Warren was laid to rest yesterday afternoon in the Stanford cemetery. The funeral services were held at the home to which she went as a bride, and the rooms where were gathered her friends to pay their last tribute, were fragrant with a profusion of flowers. The air was sweet with mute tokens of love and admiration. The casket was in a room apart, covered with flowers and surrounded by her children, brothers, sisters and nearest relatives. A hush was on all who had gathered sorrowing when the comforting words, "I am the resurrection and the life, saith the Lord," "he that believeth in, though he were dead, yet shall he live" fell on the ear. And again words of comfort, gleaned from God's word by her own hands, and left in her Bible were read, and before those who listened, there arose the vision,

of the woman who will live in the hearts she left behind for she had heaped up riches that abide. She had brought joy into the hearts of those upon whom misfortune had fallen. "Lord let me know mine end and the number of my days," read the preacher, and the hearers knew she had prepared for the end by helping to make this world a better abiding place for those who live after her.

A gentle woman in the fullest sense of that word, for not in all the universe was there a man or woman who could treasure against her malice for wrong done, pettiness displayed or injustice rendered. During the past weeks, weakened by her long illness, her thought of others was as dominant as in the days of her greatest strength, her voice as gentle, her smile as sweet, her heart as tender. In her death, Lancaster, the place of her nativity, and Stanford, the place of her adoption, lost a woman of charming personality, gracious manner and beautiful christian character. The equal of the highest, the loving helper of the most humble, it was a benediction to know her and none could know her but to love her.

"See—all you have to do is to use your two fingers and lift the corn right off. That's the way 'Gets-It' always works. You just put on about 2 drops. Then the corn not only shrivels, but loosens from the toe, without affecting the surrounding flesh in the least. Why, it's almost a pleasure to have corns and

see how 'Gets-It' gets them off in a hurry and without the least pain. I can wear tight shoes, dance and walk as though I never had corns." "Gets-It" makes the use of toe-irritating salves, bandaging, taping, plastering and other things not only foolish, but unnecessary. Use this wonderful discovery, "Gets-It," for any soft or hard corn or callus. It is the new, simple, easy, quick way, and it never fails. You'll never have to cut a corn again with knives or scissors, and run chances of blood poisoning. Try "Gets-It" tonight. "Gets-It" is sold everywhere. 25¢ a bottle, or sent on receipt of price by E. PUTS NEW LIFE INTO HIS WORK

Fur Dealer Tells How Tanlac
Brought Back Ambition.

CAN'T TIRE HIM OUT NOW

J. M. Phillips, a fur dealer, widely-known around Monticello, Ky., where he has lived for years, can't say enough for Tanlac.

He says he's a living example of what Tanlac will do for a man.

"Before taking Tanlac," Mr. Phillips said, "I was so run down in health that I couldn't do my work as it should have been done. That tired droopy feeling stayed with me all day long and I didn't have a bit of ambition. I had headaches nearly all the time. They made life miserable and work hard for me. They kept me awake at nights. I lost my appetite.

"Most any kind of food, even eggs made me feel bad, because I couldn't digest what little I did eat. I got so weak it was all I could do to stand on my feet. I lost a lot of weight.

"Then a friend told me about Tanlac. It did the work. Since taking it, I have got my appetite back, and can eat anything I want. I have gained in weight and am not nervous. I sleep fine nights. I owe all this to Tanlac and urge others to try it if they feel all-in, run-down and just half-sick."

If you don't feel right get Tanlac today. Delay in health matters is dangerous.

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

Walter Warren has rented to A. T. Nunnally 10 acres of land to be put in tobacco for \$400.

Joe Will Rout of Hustonville purchased in Casey county last week a pair of mare mules for \$350.

W. B. Burton, the big mule buyer of Lancaster, secured a couple at Danville court Monday, which cost him \$175 a head.

Mitchell Taylor, of Danville, sold to Richard Gentry, there Monday an extra fine four-year-old mare mule for \$247.50. She was some mule.

Dr. W. H. Matthews sold to M. Wilson 195 acres of the James Matthews farm, five miles from Nicholasville, on the Bethel Hill pike for \$130 an acre.

W. B. Burton, of Lancaster, bought a pair of two-year-old mare mules from June Hocker, of Hustonville for a fancy price.

Joe Gann, of Hustonville, sold to Joe Murphy, of the Turnersville section, 64 ewes at \$10.50 a head. Two-thirds of them had lambs at their sides.

McCormack & Gann, stock dealers, of Hustonville, bought a car load of hogs of various parties in that section at 10 and 11 cents a pound and shipped same to Cincinnati.

J. C. Wilson, who recently sold his farm near Grassy Lick, Montgomery county, has purchased the Warren Ethington farm of 117 1-2 acres in Shelby county, about two miles from Shelbyville, for \$97.50 an acre.

J. D. Whitehouse, of Boyle, has engaged a load of hogs from Wilson Alexander of the Hubble section, to be delivered the middle of May at 11 cents a pound. The porkers are being fattened now.

Eugene Dunn, a progressive young farmer of the West End, sold to James H. Woods, of this place a work mule for \$150. Mr. Dunn also sold to Bony Brown two yearling steers for \$65.

Robert B. Woods, junior member of the famous mule firm of Harris & Woods, of this city, sold a handsome four-year-old black mare mule to Richard Gentry of Danville Monday for \$225.

The Bruce Miller farm of 122.71 acres, located in Bourbon county on the Paris and Georgetown pike, has been sold at public sale to Clifton Izell for \$145.15 per acre. Mr. Izell will get possession in March.

In Mercer county Phil Huff has sold his 57 acres of land on the Warwick pike to Silas Cobb, of Tennessee, for \$5,000. J. B. Cloyd, of the Dry Branch section has sold to Robert McCoun, Jr., a pair of mules for \$200.

The J. W. Bradshaw sale in Mercer, is reported as follows: Horses brought from \$60 to \$115 and mules \$145 to \$175, cows \$48 to \$60, calves \$10 a head, brood sow with pigs by her side \$50. Corn sold at \$4.60 a barrel at the crib. Threshing machine outfit brought \$1,200.

At the sale of Joe Peavler, two miles from Harrodsburg, on Mackville pike a horse, seven years old, brought \$101; another horse sold for \$56; good Jersey milk cow \$65; sow and seven shoats \$58. All farming implements sold well. The place was put up for sale, but withdrawn at \$700.

Hemp, one of the staples of the Bluegrass country, is still on the upward tendency, the last quotation being \$13.75 per hundred. The Woodford Sun says: "Cleveland & Company have bought several crops at that figure. Hemp seed has jumped from \$8.50 a bushel ten days ago to \$12 a bushel now, the demand being greater than the supply. The breaking of the hemp crop, which has been suspended for over a month on account of bad weather, has been resumed."

One of the largest land deals made for some time in this county, was negotiated by Swinebroad, the real estate man, when he sold for J. F. Robinson of Macon, Georgia, his farm of 207 acres, located on Lancaster and Stanford pike about two miles from Lancaster to A. B. Brown of this county for the above sum. This is a splendid farm well improved and on account of Mr. Robinson's business interests in the south, he perhaps sold the farm for less than he otherwise would and it is considered that Mr. Brown secured a bargain.—Lancaster Record.

A Southerner Says It— It's True

He Speaks It—

Writes It—

and Thinks It—

It seems somehow that the love of truth is inborn—in every Southerner and it sticks right close to him for all his days—just like a life-long friend.

That's why, friends, when I hear people praising me all over the South—saying "SOVEREIGN is King of Them All"—well, it is true—that's all.

For example, I heard one gentleman say the other day:—"Here is the finest ciga-

rette I ever smoked. I never buy any other. The finest product of Virginia and Carolina tobacco, in all its mildness, and sweetness and mellowness."

Yes—It's great to be a SOVEREIGN. It's fine to have real breeding back of you, to be brought up in a fine, white, healthy home,—and to hear so many nice things from so many friends down South here among you all. And the reason is just this—it's because—

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

No doubt of it all. Good breeding does count. Quality does tell. So, let's you and me be the real friends that we ought to be. And, here is something more for you to think about—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Sovereign Cigarettes

FOR THE GENTLEMAN OF THE SOUTH
"King of Them All"

A. T. Furnish, of Rockcastle, was in Stanford and Paint Lick last week. He sold a pair of mules to Wils Rogers at Paint Lick for \$275.

A public sale of 90 young Tennessee Jersey cows and 10 Guernseys was held Friday at Murphy's stock yards in Paris. The cows belonged to D. F. Brown, of Tennessee, and S. C. Carpenter, of Millersburg. Prices realized were unusually high, \$80 being the average. The highest price \$135, was paid by A. L. Sofer, of Winchester, for a cow and calf. Other good sales were as follows: Cow to Abe Renick, of Winchester, for \$110; one to Jim Gregory, of Montgomery county, for \$95, and one to "Doc" Farris, the Paris dairyman, for \$125.
